Notes

- In BrightAuthor 4.7, MRSS playback will fail if the `fileSize` specified for a media item is incorrect. If you are using MRSS feeds in your presentations, ensure they report accurate file sizes before authoring with BrightAuthor 4.7.
- BSNEE 4.4 does not support the "Match All Media Tags to Player Tags" option for Tagged Playlists with BrightAuthor 4.7. This option will be supported in the next version of BSNEE.
